		ONGOING COURSES	2007-2008		2008-2009		2009-2010		2010-2011	
			Fall	Spring	Fall	Spring	Fall	Spring	Fall	Spring
BIOL	**Credits**									
2012	4	General Zoology								
3407/5407	3	Ecology								
3409/5409	3	Evolution								
3411	3	Behavior								
3503	2	Biology of Aging								
EEB										
4329	3	Primate Ecology and Social Behavior								
3002	4	Sex, Evolution and Behavior								
5321	3	Evolution of Social Behavior								
5322	3	Evolution and Animal Cognition								
5327	3	Behavioral Ecology								
3001	3	Ecology and Society (also offered as distance learning)								
3603	3	Science, Protection, and Management of Aquatic Environments								
3963/5963	3	Modeling Nature and the Nature of Modeling								
4068	3	Plant Physiological Ecology								
4609W	3	Ecosystem Ecology								
4611	3	Biogeochemical Processes								
5053	4	Ecology: Theory and Concepts								
5146	3	Science and Policy of Global Environmental Change								
5601	3	Limnology								
5605	1	Limnology Laboratory								
8641	3	Spatial Ecology								
4129	4	Mammalogy								
4134	4	Introduction to Ornithology								
5042	4	Quantitative Genetics								
5221	3	Molecular and Genomic Evolution								
5371	3	Principles of Systematics								
		NEW COURSES - UNDER DEVELOPMENT								
5xxx		Animal Communication								
5xxx	3	Global Ecology (2)								
4xxx	3	Population and Ecological Computer Lab								
		Stable Isotope Course								
5xxx		Ecology of Land-Use Change								
		Microbial Evolution
