

DATE: October 14, 2009

TO: Graduate Students

FROM: Scott Lanyon, EEB Head and Andrew Simons, Director of Graduate Studies in EEB

SUBJECT: Teaching Assistantships for Spring Semester, 2010

All graduate students who wish to apply for a teaching assistantship must fill out the application on the backside and return it to Lisa Wiggins, 100 Ecology Building by November 15, 2009. We ask that all EEB graduate students fill out this form even if a teaching assistantship is not needed for Spring Semester, 2010.

List each course you would like to TA, together with your qualifications (you do not need to list your qualifications for BIOL 1001, 1003, 1009, 2002 or 2004). Below is a list of courses using TA's for Spring Semester. Instructors will rank applicants for their courses (except for 1001, 1003, 1009, 2002, or 2004). TA assignments will be based on ranking and departmental needs.

### EEB and Biology Courses with Labs/Discussions using Teaching Assistants

EEB 4314 – Introduction to Ornithology, taught by Robert Zink

EEB 5601 – Limnology, taught by James Cotner

Biology 1001 – Introductory Biology I, taught by Randy Moore

Biology 1003 – Evolution and Biology of Sex, taught by Sehoya Cotner

Biology 1009 – General Biology, taught by James Fuchs

Biology 2002 – Foundations of Biology – Part I, taught by Mark Decker and Robin Wright

Biology 2004 – Foundations of Biology – Part II, instructor to be determined

Biology 3407 – Ecology, taught by Jeannine Cavender-Bares

Biology 3409 – Evolution, taught by Scott Lanyon and Peter Tiffin

Biology 3411 - Introduction to Animal Behavior, taught by David Stephen

# EEB TA APPLICATION – Spring, 2010

Deadline: Nov. 15, 2009 -return to Lisa Wiggins, 100 Ecology. **Please complete ALL information below.**

NAME \_\_\_\_\_ Student ID # \_\_\_\_\_

EMAIL \_\_\_\_\_
